“Personal EUCHARISTIC Altruism”

Shocking to some are the revelations that:

The messaging of consciousness is quantum-electric;

Divine / human understandings are quantum-electric;

Communication is quantum-electric;

Consciousness is quantum-electric;

Judgments are quantum-electric;

Ecstatic experiences are quantum-electric;

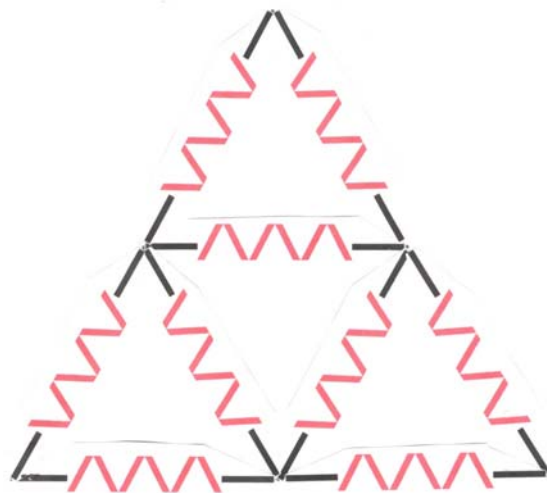

All enlightenment is quantum-electric;

The “Sea of Infinite Substance” is quantum-electric;

EVOLUTION IS QUANTUM-ELECTRIC.

By way of COMMON GROUND, **Eucharistic Altruism** is not only possible, it is the ultimate necessity of Communal Divinity, of human destiny. Begin [The Possible Journey](#) this Lent.
